

SNCA-JOYSTICK1 *

The IP Desktop USB joystick provides security professionals with intuitive P/T/Z camera control for network video surveillance applications. Featuring a three axis Hall effect joystick, twelve programmable pushbutton switches and USB interface, the IP Desktop integrates seamlessly with any software application recognizing joystick inputs via Microsoft's DirectX.

Features and Benefits

- Three axes joystick for P/T/Z control
- Programmable pushbuttons
- USB 1.1 HID compliant "game controller" device
- Easy to use and operate
